

Service Technician – Level 2 (Mid-Level)

Tri-Force Energy is a solar technical services firm, specializing in inspections, testing, and repairs of commercial and utility scale solar with locations in New Jersey, New York, and Pennsylvania. Our clients include solar system owners, asset managers, and installation contractors who seek third-party skilled labor to help promote the long-term quality of their installations and maximize system production during the 20+ year operation of a solar system.

Typical Daily Job Duties

We are seeking individuals at all levels of experience with a high aptitude in technical thinking, physical fitness, and positive attitude to join the team. We are a team that works together to support each other (Technicians), the sites we service (Clients), and standard we set as an industry leading company (Tri-Force Energy)

- Perform and document solar system inspections, testing, and repairs including Construction Quality Control (QCI), Preventative Maintenance Inspections (PMI), Commissioning (CX), Troubleshooting and repairing solar electrical equipment, and Remove/Re-Install (R&R) solar electrical equipment and systems.
- Inspecting systems, equipment, or components to identify hazards, defects, or the need for adjustment or repair to ensure compliance with codes.
- Test AC & DC electrical circuits in equipment, switch gear, distribution panels, disconnects, inverters, etc., using testing devices such as infrared thermal cameras, IV curve tracers, multimeters, etc.
- Install and maintain monitoring systems and weather station equipment
- Complete daily field service reports, Infrared (IR) imaging reports, I-V curve tracing reports for scheduled jobs assigned.
- Ensure the service vehicle, tooling, electronics, software, and company property issued are accounted for and well taken care of.
- Attend electrical & PV system continuing education training courses.
- Work safely and in accordance with OSHA / NFPA.
- Provide support for the ongoing development and improvement of our service team.
- Communicate with coworkers, clients, and company management.
- Manage personal timecard accurately and in good faith.
- Maintain company provided tools, gear, and Personal Protective Equipment (PPE)
- Be willing and able to work during normal business hours (Monday to Friday, 8am to 5pm).
- Be willing and able to work outside normal business hours from time-to-time.
